

Case no.	Age/gender	Admission date	Sample collection date	Comorbidities	Presence of indwelling device
C1	76/M	January 20, 2019	January 27, 2019	Multiple incisional hernia, eviscerated surgical wound, history of cerebrovascular disease	Urethro-vesical catheterization
C2	24/M	April 23, 2018	January 28, 2019	Subdural hematoma due to traffic accident, tracheostomized, mechanical ventilated	Urethro-vesical catheterization
C3	81/M	January 05, 2019	February 24, 2019	Colostomized due to rectal cancer, Chronic obstructive pulmonary disease, Alzheimer's disease	Urethro-vesical catheterization
C4	78/M	November 15, 2018	December 05, 2018	Acute subdural hematoma, mechanical ventilated	Urethro-vesical catheterization
C5	75/M	November 21, 2018	December 10, 2018	Pneumonia, decubitus ulcer	Urethro-vesical catheterization
C6	76/F	November 30, 2018	January 30, 2019	Acute pancreatitis, Alzheimer's disease, decubitus ulcer	Urethro-vesical catheterization
C7	71/F	March 04, 2019	March 10, 2019	Ischemic cerebrovascular disease	Urethro-vesical catheterization
C8	68/M	August 25, 2018	November 07, 2018	Successful resuscitation after cardiac arrest (pneumonia), cervical fracture, coronary artery disease, mechanical ventilated	Urethro-vesical catheterization
C9	50/M	November 13, 2018	December 03, 2018	Ischemic cerebrovascular disease, mechanical ventilated	Urethro-vesical catheterization
C10	75/M	January 20, 2019	March 08, 2019	Successful resuscitation after cardiac arrest (pneumonia) , mechanical ventilated	Urethro-vesical catheterization
C11	81/F	June 12, 2019	July 25, 2019	Operated hip fracture	Urethro-vesical catheterization,
C12	42/F	July 18, 2019	November 1,2019	Subdural hematoma due to traffic accident, tracheostomized, mechanical ventilated	Urethro-vesical catheterization
C13	75/F	November 11, 2018	November 5,2019	Ischemic cerebrovascular disease after colon cancer operation, tracheostomized, mechanical ventilated	Urethro-vesical catheterization
C14	75/F	July 27, 2019	October 29, 2019	Pulmonary edema, aspiration pneumonia	Urethro-vesical catheterization
C15	80/M	April 29, 2019	June 26, 2019	Chronic obstructive pulmonary disease and pneumonia, mechanical ventilated	Urethro-vesical catheterization
C16	88/F	April 22, 2019	June 18, 2019	Ischemic cerebrovascular disease, Alzheimer's disease	Urethro-vesical catheterization
C17	68/M	February 26, 2019	November 14,2019	Successful resuscitation after cardiac arrest (myocardial infarction), mechanical ventilated	Urethro-vesical catheterization
C18	67/M	September 01,2019	November 18,2019	Subarachnoid hemorrhage	Urethro-vesical catheterization
C19	60/M	September 27,2019	November 25,2019	Chronic obstructive pulmonary disease, tracheostomized, mechanical ventilated	Urethro-vesical catheterization
C20	87/F	October 21, 2019	November 27, 2019	Ileus due to local recurrence of renal cancer	Urethro-vesical catheterization
